SPONSORSHIP PACKAGE

1st Annual Advancing Research Computing on Campuses Workshop

National Center for Supercomputing Applications – Condo or Condos
Urbana, Illinois
January 16-17, 2014

The 1st Annual Advancing Research Computing on Campuses will feature a range of relevant topics in this emerging distributed infrastructure spanning discussion of best practices for operating and supporting a campus shared research computing infrastructure to business models for advanced research computing resources and services. The objective of the workshop is to bring together professionals in the community and discuss ways to leverage the summation of experience and expertise for the overall community’s benefit. Trends in approaches will be examined in order to look at the changing landscape and how it is transforming campus interactions and sustainability models. In discussing best practices, it is expected the workshop will help increase collaboration between attendees, eventually extending to their current and future user bases.

Sponsoring the 1st Annual Advancing Research Computing on Campuses Workshop provides an opportunity for your organization to announce and promote new products and services to this audience of cutting-edge technology adopters and decision makers, as well as remind them of your current offerings. The event includes an exhibit area where organizations can showcase their products and services, network with attendees, and recruit graduate students and PhD candidates.
